4. The Building Transfer window will open and will ask the new owner or agent to select the current building owner the transfer relates to from the list, or add the owner if they do not appear.

5. If the transfer is to be rejected, no further information is required, and the user can select 'reject' at the bottom of the window. An email will be sent to the original owner or agent to confirm the transfer rejection.

6. To accept an ownership transfer, the new owner will need to upload a signed Form 37 - Change of Building Ownership form. To accept an agency transfer, the new agent must upload a signed Form 43 - Proof of Agency form.

7. The new owner or agent can then select 'accept' at the bottom of the window and an email confirmation will be sent to the original owner or agent.

8. The building will now appear in the Consolidated View of the new owner or agent, and progress can continue from the same point in the checklist.
